SKID PLATES for the SOFF-CUT® SAWS

- Stainless steel construction
- 1/8" thick bottom plate allows skid to be used for an average of 3 blades before requiring replacement, depends on the abrasive properties of the aggregate and the diameter of the blade
- Steel mounting pins that won't break or fail like some cast aluminum competitor mounts
- Mounted with a locking pin to keep the plate in place
- Fits both steel and cast skid plate saws.
